presents:

P.I.E.R. ONE

Peacetreeworld International Eco Resort

*„Promised Land is where we go - following the Rainbow!
Our Hearts know how to go with the flow - let it grow - let it flow!“**

**Song Creation in 2010 from „Lightning Warrior“ - Christopher Langton
out of the Energy of ONE from our Sacred Circles for Medicine & Vision*

12 years later we found this „Birthplace of a new Humanity“ in Nicaragua!

is already popping its head out of Earth Mother's Womb ;-)

This magical place has an existing curvey Dreamhouse, which was built just like our favorite Artist, Friedensreich Hundertwasser, would have. It can serve as the Center of this huge 2ha oasis with steps leading down to the property's own secluded bay.

Every Year Whales & Dolphins swim by confirming the "Sacredness" of this bay like the Inhabitants of San Juan del Sur (just 10 Minutes away) call it

We found the treasure at the end of the Rainbow *
